KILLS GIRL
ENDS OWN
LIFE

Sends Victim's Mother
From Room Before
Firing

Possibility of Suicide
Pact Is Disclosed Af-
ter Tragedy

SAN FRANCISCO, Nov. 9.—Sending the girl's mother out for liquor, in order to get her out of the way, Jack Murphy, 32 years old, a familiar south of Market street character, shot and killed Miss Keenan, 24 years old, an estimated suicide at 1 o'clock this afternoon.

The tragedy occurred in the Tehama House, 156 Tehama street. Murphy and the Keenan girl had formerly been sweethearts. They had been off together and returned about 1:45 p.m.

Murphy gave Mrs. Keenan some money and requested that she go to the nearest liquor store for beer. The woman had scarcely left the hotel before the clerk heard three shots. Hurrying upstairs, he found Miss Keenan lying dead with a bullet wound through her cheek and another in her hand. Murphy was prostrate beside her with blood spurting from a wound in his head. The revolver was in his hand.

It is possible that there was a suicide pact and that Miss Keenan had agreed with Murphy to die with him. Detectives Desmond and Brown of the Southern Station are investigating.

Committee to Plan
Convention Program

Owen Hote, chairman of the executive committee of the Commercial Club, is making arrangements to organize sub-committees to aid in preparation of a suitable program of entertainment for the National Educational Association, which will gather in Oakland from all over the United States.

"It will be the duty of these committees to see to it that the host of people who attend this conclave have suitable accommodations, and that they did not suffer any of the discomforts so often attending such a trip," said Joseph E. Calme, managing director of the Commercial Club. "It was when viewing this phase of the question that President Bell was prompted to appoint Mr. Hote in the capacity of chairman."

Uncle Sam's Parcel
Post Shows Speed

SAN FRANCISCO, Nov. 9.—P. Leech, driver of a parcel post delivery automobile, was ordered into the docks by Police Judge Shortall today after he had admitted speeding at Twenty-fourth and Castro streets. Officer Fred Kirchner arrested him fearing that little children attending school in the neighborhood might be hit.

"I know just how fast those cars go at the corner and I shoot across ahead of them," said Leech in his defense. "I'll shoot you into the dock," said the court, and the defendant was soon sitting on the bench with other prisoners.

Belgian Minister to
Mexico Quits Country

LOS ANGELES, Nov. 9.—The Belgian minister to Mexico, who recently was given his passports by Carranza at Mexico City because of "undue political activity," is now on his way out of the country, received today an official telegram, received today by Adolfo Carrillo, Carranza's representative here. The minister has gone to Veracruz.

Seek Modification
of Embargo on Wool

WASHINGTON, Nov. 9.—Representatives of the National Woolen Manufacturing Association appealed to the state department today to ask Great Britain to modify the Australian embargo on wool to all countries except the mother country to permit shipments to the United States.

(Continued on Page 5, Col. 3)

Prominent Figure in
Wine Industry Dies

RICHMOND, Nov. 9.—William Hanson, vice-president and general manager of the California Wine Association, died yesterday at the country home of Percy T. Morgan at Mount View, after a week's illness of pneumonia. Hanson had just returned from a six-months' trip to Europe, where he went to confer with the foreign stockholders of the wine company.

Hanson was a native of England, aged 70 years, but had spent the last 35 years in California, where he became one of the most prominent figures in the viticultural life of the state. Hanson was the organizer, many years ago, of the California Wine Association. He was unmarried and leaves but one sister, who is a prominent writer in London.

Grant Absence Leave
to County Treasurer

County Treasurer M. J. Kelly was granted a forty-day's leave of absence by the supervisors today with permission to leave the state. He will return to his old home in West Virginia to visit his parents and relatives.

GERMANS HURRIED EAST

ONE BIG DUCK, FOUR
LITTLE DUCKS, FOR
EACH COUNCILMAN

"I desire to address the council on an important matter," said City Attorney Ben F. Woolner this morning when the council was about to adjourn.

"Is it of a pressing nature?" asked Mayor Mott.

"It will require your attention but a moment," answered the city attorney. "Some time ago the mayor reprimanded me for failing to give a good account of myself on the first day of the duck season and commented adversely upon my marksmanship. I declared then that I would make him eat his words."

"I have here 23 ducks, the limit. There are five large ducks, spuds and canaries, and 20 spuds. I do not know how to divide them, but I wish to present them to the council. I would suggest that the mayor should be given the little ones, or none at all."

Woolner lifted a large box to the council board and cutting the cord opened it and displayed several rows of plump birds, dressed and ready for the oven.

"I even shot a little skewer through each one," he said. "Could man do more?"

Commissioner Turner suggested that the ducks should be distributed with regard to the size of the family of each commissioner.

"Rivalries might creep in," suggested Commissioner John Pott, who is a bachelor.

"We can't have one big duck and four little ducks," said Bacons.

This arrangement was carried out, after the ducks had been inspected by the health officer and passed upon by Wilber Walker, secretary of the Merchants' Exchange.

Three soldiers, all discharged from the French army because of disability and all bearing wounds which showed they had been in the thick of the fighting, arrived here today on board the steamer Rochambeau. They were George Pierlot, Leon Leblot and John Roseben, returning to their homes in this country and Canada.

Leblot said that in the hand-to-hand fighting at Rethymnon he received a bayonet wound in his side and was carried to the rear. While a sister of charity was binding his wound a German bullet killed her and her body fell across him. Leblot said he later returned to the firing line and was twice wounded in one leg. After that he quit.

Roseben was wounded at Muelhausen. In the fighting he lost his rifle and was slashed in the arm with a sabre. "But I found a blacksmith's knife on the battlefield," he said, "and killed several Germans with it before I was again wounded and put out of action."

Latest Returns Indicate Its
Defeat; No. 47 Also
Beaten

Latest returns indicate that the Greater San Francisco amendment has been lost, the figures being: For the amendment, \$2,805; against it, 90,134. This is out of 137,000 precincts, less than a quarter of the total. So far only a very slender idea has been gained from the vote how the state at large voted on this measure, as the precincts counted were from the three large cities, most of which were for the bill.

It became apparent today that the complete vote on the measures and candidates will probably not be available until the official returns are received by Secretary of State Jordan and tabulated accurately by him.

Even on the vote for governor there are yet 237 precincts missing. In those reported Johnson has a majority of 14,055 over his nearest opponent, Captain John D. Fredericks.

Johnson receiving 369,999 against Fredericks' 223,611 in 4288 precincts. Measure No. 47, the purpose of which was to prevent recurrence of elections on liquor questions before eight years had passed, has been added to the chart of enactments deferred last Tuesday.

Until last night reports indicated that No. 47 had been carried. Today that No. 47 had been carried. Today 3050 precincts were reported, showing defeat by nearly 45,000 votes.

New figures compiled on additional returns from all parts of the state today show little change in the aspect of the election in general. The prohibition measure was defeated by more than 100,000 votes and the red-

(Continued on Page 2, Col. 4)

S. F. MAN IS
SENTENCED
AS SPY

Twice Condemned to
Die, Architect Lives
and Weds

NEW YORK, Nov. 9.—H. C. Heyman, a San Francisco architect, who said he was twice arrested as a spy and twice sentenced to death, once by the French and once by the Germans, was a passenger on the steamship Rochambeau, which arrived here today from Havre.

French soldiers first arrested Heyman at Tarascon, but his appeal to the American authorities saved him, he said. Later he was arrested at Heidelberg, he said, but again gained his freedom and returned to France, where he met Miss Florence Lazava, a one-time schoolmate, whom he married. He brought his bride to America with him.

French soldiers first arrested Heyman at Tarascon, but his appeal to the American authorities saved him, he said. Later he was arrested at Heidelberg, he said, but again gained his freedom and returned to France, where he met Miss Florence Lazava, a one-time schoolmate, whom he married. He brought his bride to America with him.

Three soldiers, all discharged from the French army because of disability and all bearing wounds which showed they had been in the thick of the fighting, arrived here today on board the steamer Rochambeau. They were George Pierlot, Leon Leblot and John Roseben, returning to their homes in this country and Canada.

Leblot said that in the hand-to-

While a sister of charity was binding his wound a German bullet killed her and her body fell across him. Leblot said he later returned to the firing line and was twice wounded in one leg. After that he quit.

Roseben was wounded at Muelhausen. In the fighting he lost his rifle and was slashed in the arm with a sabre. "But I found a blacksmith's knife on the battlefield," he said, "and killed several Germans with it before I was again wounded and put out of action."

Flees Imaginary Foe
and Slashes Throat

Believing that he was being pursued by persons intent upon murdering him, T. Ramsey, 22 years of age, ran into his room at 158½ Seventh street and locking the door slashed his throat from ear to ear with a razor. His act was discovered and he was taken to the Emergency hospital, where Dr. Dowdell stitched up the wound. He may recover.

California Indian Is
Commercial Club Guest

Ishi, the Northern California Indian, who is under observation at the University of California in San Francisco, was a guest today at the Commercial Club, where he had a glimpse of Oakland and the surrounding environments. He gave several war chants for the edification of the club members.

(Continued on Page 2, Col. 4)

TO-DAY'S WAR DEVELOPMENTS

Three points today stand out in the news of the great war in Flanders—the Germans, undaunted by past failures to break through to the Straits of Dover, have launched their expected new attack recurred by the British.

In Russia, Poland and the armies of the Russian Emperor are pushing forward with surprising speed, threatening the Germans on home soil.

From Tokyo comes the report that a Japanese army may be sent to the west to take its part with the British.

French and Belgians in the struggles on the battlefields of Europe.

Military observers agree that the war has entered upon a crucial stage and that the next week may mark a definite turn in the course of events.

In French opinion the Germans must either win their way to the English channel or fall back. For that reason

particular interest attaches to today's official statement which indicated for the beginning of the onslaught for which the Germans have been preparing during the full of the last few days.

Fresh troops and new guns from the Krupp works have been rushed to the line of battle from Dixmude southward across the French border to Arras. The Germans have struck their first blow at Dixmude and in the region of Ypres, and the French war office announces that their attacks have been repulsed.

Slow progress for the allies along the greater part of the line from Dixmude to the Lys is claimed by the

Citizens in Big Mass Meeting
Join for Organized
Relief Work.

Human sympathy and human brotherhood are the notes of appeal which are being sounded this afternoon by speakers before a mass meeting in behalf of the Belgian sufferers, held at the Chamber of Commerce. Before the hour of meeting the hall was filled with Oakland citizens eager to take their part in the mission of help for the unfortunate victims of the great war in Europe whose homes have been devastated.

Organization of a committee was effected to carry on the work so splendidly begun, so that the aid may not be merely the first enthusiastic giving of a few dollars, but may continue while the pressing need exists. Before the meeting, an assessment over \$2000 was assessed on the committee as a first contribution from banks and influential business houses and firms. But the permanent committee will work to assure the general Belgian relief committee of a contribution of several hundred dollars every month from Oakland to the relief fund.

MAYOR CALLS MEETING.

The meeting was called at the instance of a number of prominent Oakland, Berkeley and Alameda citizens and residents of other adjoining communities. Mayor Frank K. Mott of Oakland, Mayor Mott called the meeting to order and introduced Mrs. Mark L. Requa, who was made chairman of the local relief committee for the edification of the club members.

(Continued on Page 2, Col. 4)

GREAT HOST TO STRIKE FRENCH

Every Available Soldier Rushed
Into Flanders

By Associated Press.

AMSTERDAM, via London, Nov. 9, 5 p. m.—The correspondent of the *Tijid* at Antwerp says:

"The movement of German troops from the western theater of war on a big scale is now progressing. A large number appear to have been withdrawn from the Yser."

"Long military trains filled with men and munitions are moving into Germany by way of Brussels and Louvain."

PARIS AWAITED SEVERE ATTACK.

By Associated Press.

PARIS, Nov. 9, 7 a. m.—The lull in the fighting in the environs of Dixmude and Ypres, in the best opinion here, is only the prelude of a further effort to which all the forces that the Germans can raise will be concentrated. The last attack, made with twelve army corps, failed. The next, it is expected, will be made by even more.

All advises from the front indicate this clearly. The report that the Germans are gathering an important army at Ingelmunster, the affirmation that the battle against France must be decided at an early date, the orders given to the German generals to break through before the end of the month and the various movements of troops observed by aviators in Belgium, all tend to show the purpose of the Germans.

All the military writers here agree that the effort is of the first importance to the Germans. If unsuccessful, it is contended here, it will be the last the Germans will be able to make, as they win then recognize the necessity of falling back on a line a little more to the rear which will, as is their custom, have been fortified in advance with the greatest possible care.

TERRIFIC STRUGGLE FORESEEN.

They will therefore strain every nerve in this battle of the Ypres and the fighting is likely to be of a character even more intense than anything that has gone before.

If the allies successfully resist the new onslaught, in the opinion of military writers, the day when France will be freed of the invaders will be brought nearer.

The fortunes of war in the west are becoming more and more bound up with the progress of the Russians, according to the general opinion here. If the Russians succeed in making a serious thrust in Silesia within a short time, the Germans, it is anticipated, will have to withdraw troops from their western front and this will enable the allies to advance more quickly. There is apparently no abatement of the feeling of optimism reigning in both the French army and among the French people.

DIXMUNE BATTLE RENEWED.

By Associated Press.

PARIS, Nov. 9, 2:57 p. m.—The official announcement given out by the French war office this afternoon says that the German offensive has been renewed at Dixmude and in the region of Ypres, and that to the southeast of Ypres all the German attacks have been repulsed. The text of the communication follows:

"On our left wing the Germans have undertaken again an offensive movement on Dixmude and in the region of Ypres. Particularly to the southeast of Ypres their attacks have been everywhere repulsed."

"At the end of the day, referring to the entire front between Dixmude and the Lys, we have made progress along the major part of the line. Nevertheless, our advance is slow on account of the offensive movements undertaken by the enemy, and because of the strong organization the enemy already has had the time to effect around his points of support. Since the beginning of the

British Dreadnoughts

By Associated Press.

WASHINGTON, Nov. 9.—Whether a fleet of British dreadnoughts will pass through the Panama canal will depend on the size of the vessels.

Last advice from Governor Goebel reported 30 feet of water in the channel through the recent slide in Culebra cut. Heavy ships could not make a passage in that depth.

The Panama canal is open to vessels of war of all nations, the only

GERMANS AGAIN ATTACK DIXMUDE

Desperate Resistance Of Intrenched Teutons Failing, Allies Assert

(Continued From Page 1)

fighting the fog, furthermore, has made operations difficult, particularly between the Lye and the Oise.

"On the center, along the Aisne, the progress set forth in the official communiques of yesterday has been maintained.

"In the Argonne and in the vicinity of Verdun there have been only actions of minor importance.

"On our right wing in Lorraine there is nothing to report.

"In Alsace fresh attacks on the part of the Germans directed against the heights of Mount Saint Marie have again resulted for them in decided check."

GERMANS BOMBARDING DIXMUDE.

By Associated Press
HAVRE, via Paris, Nov. 9, 4:35 p. m.—The Belgian government issued the following:

"The situation at Nieuport is stationary, with slight advantage to us. On the remainder of the front almost complete quiet prevails.

"The enemy still occupies on the right bank of the Yser several points of support, which have been cannonaded by our military. Dixmude has been bombarded by the enemy."

Seven British Warships Headed Towards Canal

By Associated Press
NEW YORK, Nov. 9.—Seven British warships, apparently dreadnaughts, heading for the Panama Canal, and steaming at full speed, were sighted off the Bahama Islands last Friday by passengers of the United Fruit Line steamer Surinam, which arrived here today from Cuba. James Cavanagh, one of the passengers, formerly a Lieutenant in the British navy, expressed the opinion that the British fleet was bound for the Pacific coast of South America to avenge the defeat of the British fleet of cruisers by German warships.

Germany Preparing for Winter Campaign

By Associated Press
LONDON, Nov. 7, 7:50 a. m.—A dispatch from Copenhagen to the Central News says:

"According to Berlin telegram, Germany is making enormous preparations for a winter campaign with tenacious sieges and for outfitting for an entire army."

MONMOUTH STILL MISSING.

By Associated Press
VALPARAISO, Chile, Nov. 9.—The Chilean transport Maipo has returned to Port Callao after a fruitless search in territorial waters and for twenty miles out at sea between Cape Carranza and Mocha Island for the British cruiser Monmouth, which has been missing since last Sunday's naval battle. The steamer Valparaiso and Chile, flying Red Cross flag, continue their quest, which thus far has been negative. It is supposed here that any floating wreckage has been carried out to sea. The report that a Japanese fleet has been off the coast also lacks confirmation here."

CHOLERA RAVAGES PRZEMYSYL
VIENNA, via Amsterdam and London, Nov. 9.—It is officially announced that there were 255 cases of cholera in Galicia last Thursday. Of these 126 cases were in Przemysyl.

BELGIAN RELIEF SHORT OF NEED

American Commission Must Send 20,000 Tons of Food Now.

By Associated Press
LONDON, Nov. 9.—The second week's report of the American commission for relief in Belgium shows that the commission in a fortnight has delivered to Belgian relief stations 123 tons of cereal foodstuffs. Additional supplies "in hand" are:

In Holland being forwarded, 202 tons; en route from England, 1,472 tons; en route on the Atlantic, 6,000, loading in various ports, 10,000. Also the commission has in course of collection eight cargoes estimated at 33,000 tons.

By November 13th the commission will have delivered into Belgium about 17,000 tons of foodstuffs and during the last half of the month with the supplies now arranged, will deliver about 12,000 tons. The commission therefore, is about 20,000 tons short for November.

The requirements from the first of December will be about 30,000 tons monthly and the commission has assurances of 32,000 tons for delivery during December and January.

The cargoes on the Atlantic are made up of gifts from the people of Nova Scotia and the Rockefeller foundation. Among cargoes assured are those from California and Iowa and the city of Ottawa. A committee movement has been inaugurated to obtain the co-operation of all women's organizations in America under the title of the Women's Section of the American Commission for Relief in Belgium.

The executive committee consists of Mrs. Linden W. Bates, Mrs. Edward R. Hewitt, Mrs. August Belmont, Mrs. William K. Vanderbilt, Mrs. H. C. Hoover, Miss Anna Morgan and Miss Mary Parsons.

The commission has received a financial backlog on this side which enables it to pay the transportation charges on foodstuffs from any part of the world until they reach the hands of the Belgians, so it is stated. Every ounce given by Americans will reach its destination without any shrinkage in the original value of the gift through transportation or organization expenses.

RUSSIANS INVADE THREE PROVINCES

French Press Attack in Alsace; Aspect of War May Change.

(Continued From Page 1)

It in London is not all wrong, is the most important of the campaign up to the present time.

TYPES UNCERTAIN.

It is speculation, of course, to say that Germany may be forced forthwith to retire from Belgium or even cease her offensive in this arena. In several areas of France and Belgium the all-out attack has been highly defensive, but it is too early yet to predict that Germany will not renew her smashing tactics in an effort to break through the line, and that there will not be much hard fighting around Ypres.

In any event, German retirement from Belgium probably would be very slow, as the forces of Emperor William have made the entire country behind their battle line one vast fortification, with trenches even more carefully prepared than those they are still holding in France.

With Tsing Tau under Japanese administration and the release of other services of the Japanese and British vessels used in the capture of this German stronghold, there should be a sharp impetus to naval activity in the Far East, as these vessels may now center their attention upon the roving German raiders, which have been so successful in their operations against British shipping.

Absinthe Prohibited as French War Rule

By Associated Press

PARIS, Nov. 9.—Permanent prohibition of the sale of absinthe and kindred alcoholic beverages in France is the result of the war. Transportation and sale of absinthe were forbidden when the war began, but traffic in other intoxicants has continued. The government has now supplemented its original order with another forbidding the sale of any alcoholic drinks similar to absinthe. There is a marked movement in all parts of France tending to perpetuate this prohibition.

NEWSPAPERS CAUSE OF HEAVY BRUSSELS FINE

By Associated Press

THE HAGUE, via London, Nov. 9.—The alleged reason for the recent imposition by the Germans of a fine of \$1,250,000 on the town of Brussels was said here to have been the sale of contraband newspapers.

It was stated that a German secret service officer tried to arrest Belgians who were disposing of Dutch newspapers containing unofficial news, but that they resisted and were supported by the Brussels police. The vendors of contraband news have become something akin to national heroes in Brussels, which has been cut off for three months from the outside world.

They have been obtaining from ten to fifteen francs for newspapers.

GERMAN CASUALTIES REPORTED AS 57,800

BERLIN, Nov. 9.—The German casualty list, issued yesterday, brought the total number of names contained in last week's report up to about 57,800. Hospital records show that a very large proportion of the wounded have returned to duty.

The last casualty list records the killing of three German aviators and the wounding of six others by hostile airmen. Those who lost their lives were Aviator Bowles, who was killed at St. Eme, France, on October 12th, and Lieutenants von Kleyst and Menzel, who had been listed as missing since the flight to Amiens on October 5th.

FORWARD LETTERS OF WAR PRISONERS IN RUSSIA AND SERBIA

American Commission Must Send 20,000 Tons of Food Now.

By Associated Press
LONDON, Nov. 9.—Through the efforts of the Red Cross Society some twenty thousand letters and post cards from Austro-Hungarian war prisoners in Russia and Serbia have already been delivered to their relatives and friends at home. The correspondence from both countries comes through Rumania.

The letters, of course, are sent by the office of the Red Cross in each country where they are written.

The Austrian papers admit that the correspondence on the whole gives the impression that the prisoners are being well treated. In Russia the wounded receive medical attention and a grand dame visited them in a hospital at Moscow. Nearly all the un wounded and those who have recovered from their injuries are being sent to Omsk in Siberia.

It is thought that later they may be put to work in the mines there, but nothing definite is heard as to this.

BELGIAN RELIEF WORK PLANNED

Oakland Citizens Organize for Alameda County Campaign.

(Continued From Page 1)

Committee. Miss Annie Florence Brown will be treasurer for the local relief committee.

Several speakers told of the pressing need for help, and it was explained that the plight of the Belgians, brought about by no fault of the little kingdom, was a case of human suffering that should appeal to the sympathies of all mankind, irrespective of nationality or local feeling.

Prof. Myer E. Jeffs of the University of California, who helped in organizing the relief work for the San Francisco refugees after the great fire and earthquake of 1906, delivered a short address in which he explained how much could be done for the Belgians for every \$100 in the relief fund.

RECIPROCAL GIVING.

"The world at large felt for our distress in 1906," declared Professor Jeffs. "We were aided greatly by many peoples. The donation that had come upon San Francisco descended without warning, and proved a great equalizer. All were worthy of our sympathies and our best assistance.

"A whole nation has fallen under a scourge through no fault of its own, and with as little warning as was given us of the approach of the great temblor. The winter is upon them. They are in need of food and clothes and shelter. We must do our best to help as far as we are able, in the same generous spirit that prompted others to help us in our hour of need.

"Much can be done if the assistance is given promptly. If the relief committee is given the assistance now, it can carry out the work in a scientific, systematic manner, and every dollar will do a dollar's worth of work in bringing help. Let us remember that system and organization must come to aid the mere expression of human sympathy, and let us give the fullest sway to all the elements that will make our aid efficient."

WHO MAY HELP.

The relief work, as is planned, is to be carried on through the Improvement clubs, civic and commercial and church organizations and other similar bodies willing to lend their assistance throughout the easy bay region. It is planned that every person in Alameda county shall be afforded the opportunity to give what she or he can toward the relief fund. Relief workers will visit every household, and there will be relief fund boxes in several of the stores in the business districts.

The Oakland relief committee will head a general committee from the county and will be aided by sub-committees in Berkeley, Alameda, Piedmont, Emeryville, Albany, Richmond, San Leandro, Hayward, Niles, Pleasanton, Livermore and other communities.

Mrs. Herbert Clark Hoover, wife of the chairman of the American relief committee in London, was announced to be the principal speaker.

APPEAL IS MADE.

By Associated Press
NEW YORK, Nov. 9.—An appeal to the American people for food and money to relieve the distress of Belgians who are homeless and starving as a result of the war, was issued last night by the Belgian relief committee in New York, which, in co-operation with the Rockefeller Foundation, has arranged to send food direct to Belgium as rapidly as full cargoes can be collected. Large quantities of food must be imported from America, in order to meet the absolute necessities of the famine-stricken non-combatants, according to advice from the American committee in London.

PEACE PREDICTED FOR 1917.

By Associated Press
LONDON, Nov. 2.—The Daily Mail today gave prominence to an estimate of a distinguished French officer, whose name cannot be divulged, but who is in position to make such an estimate, that the Germans will not be driven back over the Rhine until February, 1917, and that peace will not be concluded before 1917. The officer bases on this statement a strong appeal to England not to refrain from joining the army on the idea that the war will soon end.

BELGIUM DEMANDS SOLDIERS.

By Associated Press
LONDON, Nov. 9.—Another call to the colors has been issued by the Belgian government to all nations. The summons this time is accompanied by an intimation that those not joining voluntarily may be "commandered."

A Story of Service

One of the best indications of a bank's popularity is a consistent increase in the number of depositors.

Year after year our customers have been spreading the story of service and safety, so that our best advertising comes through the friends we have made.

TONED UP WHILE SYSTEM.

"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther MacIntire, Spencer, N. Y. "I have never taken tablets of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by Osgood Bros. Drug Stores.

TWO SCORE MOTORISTS ARRESTED FOR SPEEDING

SAN JOSE, Nov. 9.—Thirty-eight automobilists and motorcyclists, chiefly from San Francisco, were arrested in Santa Clara county for speeding. The arrests were made by the motor police force recently organized by the supervisors to save the highways from the disintegrating effect of rubber tires passing over them at high speed.

GEIER INTERNED IN U. S. HARBOR

German Gunboat at Honolulu Dismantled and Men and Officers Paroled.

The fate of the little German gunboat Geier in Honolulu Harbor was sealed at midnight last night, when she escaped the two powerful Japanese cruisers Mikasa and Asama, lying outside the harbor in wait for her, by internment and surrendering.

Her men and officers were paroled by the commandant of Pearl Harbor.

This news today shared interest with the expected clash of the German and allied fleets, expected hourly by the axis Powers.

EXPECT PACIFIC BATTLE.

News from London is to the effect that the admiralty there is expecting hourly a report of the Pacific battle.

From this fact it was learned today for the first time here that a powerful fleet of the allies is now somewhere off the coast of South America seeking for the victorious German fleet of five cruisers which a week ago sank two of Admiral Cradock's fleet off the coast of Chile. No details as to the size or nature of the allied fleet to those waters has been received here.

With the Geier was interned the North German Lloyd's steel schooner Locks, which arrived at Honolulu with the little warship and was ruled to be a naval collier by the United States authorities. Both ships will be held until the close of the war.

The naval authorities are holding the Japanese newspaperman who attempted to reach the Japanese warships on November 2 by use of a sampan and was caught and imprisoned.

The Japanese cruisers calmly sailed yesterday from the collier Hakkai while they awaited the outcome of the Geier affair.

WESTERN ARMIES INCREASED.

Persistent reports continue to reach London that the Germans are sending heavy reinforcements to their western lines. News of a contrary nature, to the effect that the Germans are preparing to retreat through Belgium, is also rife, but the experts seem to place more credence on the reports of reinforcements, and the coming week is looked forward to as one of the most crucial of the war.

Cossack raids across the German border continue, and Berlin now admits that the Russians have advanced beyond the Wartze river. The Russian advance has been made over bad roads at the amazing rate of 14 miles daily, and the German retreat has

CZAR PREPARES TO CONQUER BOSPHORUS

now passed Czernstochowa, without stopping.

Another Petrograd report states that the last German position in Russia, at Kars, is regarded as untenable.

General staffs are concentrating their activity about the Black Sea without as yet achieving any results.

The allies are reported as crossing their own everywhere on the Black plateau.

An official announcement given out in Berlin declares that advances have been made in the Argonne, but there is nothing new elsewhere.

Holland, determined to preserve the neutrality of the River Scheldt, has fired on any vessel not recognized as a small boat or other regular harbor craft.

PURSUIT IS RAPID.

By Associated Press
LONDON, Nov. 9.—A Petrograd dispatch to the "Post" says:

"The rapidity of the movement on the battlefield in Poland have been unequalled since the days of Napoleon.

Reducing the time spent in actual fighting, the Russian pursuit has been pressed for more than a week at a rate averaging 14 miles per day over the Polish roads, which are very heavy after the rainy season.

"There is believed to be no doubt that the Germans in their retreat passed

COURT HALTS MORE MONEY LEAGUES TO CALLING R.R. OFFICIALS ASK STRIKE

Injunction Against Conductors, Firemen, Engineers and Trainmen.

ST. LOUIS, Nov. 8.—Three railway brotherhoods were restrained by the Circuit Court today from calling a strike on the St. Louis Southwestern (Cotton Belt) Railway.

The injunction was directed against the officers of the Order of Railway Conductors, the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Firemen and Engineers.

The court ruled, however, that the injunction did not prevent the unions from taking a strike vote.

The injunction was granted at the request of an union man, who claimed that the strike order was issued after some of the men who had voted in favor of a strike had asked that their votes be changed.

The difficulty between the railroad company and the engineers is over the discharging of a conductor on grounds of intemperance. The union leaders insisted that he was not intemperate.

The railroad company invoked federal mediation, which was accepted by the unions. The matter has not yet been adjusted.

Edna Loftus Robbed by Clerk, She Says

SAN FRANCISCO, Nov. 9.—Edna Loftus Rhelstrom, former wife of Harry Klinefelter, son of the millionaire Cincinnati family, stepped into the limelight again this morning when she complained to the police that she had been robbed of \$105.

Mrs. Rhelstrom, who was at one time a favorite in the London music halls and a dashing Gatsby in the New York musical shows, had recently been running hotel on Kearny street, known as The Ark. Recently she was arrested in a raid on the place. This morning she complained that she had entrusted \$105 to her night clerk, whose name she gave as Edward Bell, and that the man had disappeared with the money.

SALARY, DOLLAR A YEAR

BALTIMORE, Nov. 7.—At a salary of \$1 a year Frederick W. M. Burmester has been appointed custodian of the cut-off channel front and rear-range lights in the Patapsco river. He could not be carried on the government payrolls without a specified salary, and to give official importance and responsibility the salary of \$1 was agreed upon. It was not stated whether he would be paid monthly, as is the department's custom, or let it accrue to the end of the year.

Pure Blood Makes Healthy People

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure rich blood, restores the digestion and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on having Hood's, for nothing else acts like it. There is no real substitute. Get it today. Sold by all druggists.

JOIN OUTLAW FORCES?

Election Dignitaries Have Real Debate With Supervisors.

INDIANAPOLIS, Nov. 8.—Threatening to kill her three little children and to commit suicide unless her husband was found and returned to her, Mrs. Rose Bush was taken into custody by Officer M. J. White of the Society for the Prevention of Cruelty to Children and placed in the Detention Hospital and the husband and father, F. Bush, of 242 Harrison street, was before Judge Shortall. A heartbreaking story of the cruelties of hopeless poverty was told in court by Officer White in prosecuting Bush for refusing to provide for a minor child.

According to White the family has been destitute for a year and periodically during that time the Association Charities have replenished the cupboard. On every occasion when the latter was refilled Bush would come home and live on the charity until the supplies were gone. Then he would disappear again.

Arising from the regular meetings of the association on its open-air baseball grounds than 200 members gathered last night were more to my. There was an undercurrent of feeling among many small club owners that they should be better protected against unorganized ball and their did not hesitate to express their sympathies that the. On the other hand leaders of several of the minor leagues let it be known that they would rather let the Federal League settle its own trouble.

The National Arbitration Board received a mass of evidence when it met in the forenoon and adjourned to afternoon without action. Chairman of Governmental Affairs during the morning.

CONSIDER MANY CLAIMS.

More than a hundred claims of clubs and players were on the docket for the consideration of the board of arbitration of the National Association of Professional Baseball Leagues, when that body met today. The claims concerned amateur players on sales and drafts of players from minor leagues and of individual players who presented their grievances to the board.

The day was unusually long one this year because of the extraordinary conditions which affected organized baseball during the last season.

The first meeting of the association proper is scheduled for Tuesday morning, but the bulk of baseball men from every part of this country and Canada enlivened interest and the arbitration board was expected to furnish its quota and resultant consequences.

A special train from Chicago was scheduled to bring the largest contingent of baseball men but trains from the South and West were also bringing in men interested in baseball and in the financial net less than the sportsmanship end of the game.

The day was an unusually long one this year because of the extraordinary conditions which affected organized baseball during the last season.

The first meeting of the association proper is scheduled for Tuesday morning, but the bulk of baseball men from every part of this country and Canada enlivened interest and the arbitration board was expected to furnish its quota and resultant consequences.

A special train from Chicago was scheduled to bring the largest contingent of baseball men but trains from the South and West were also bringing in men interested in baseball and in the financial net less than the sportsmanship end of the game.

During the night local baseball men learned that the entire national baseball commission body would be on hand to observe the deliberations of the association meetings and take such action as might be deemed necessary.

"Are any of these persons present who desire to say anything?"

No one surred and the question was repeated. Still no one among the scores of spectators rose and Mrs. Erickson, applying for a permit, declared that "if no one else will speak, I will."

As she advanced to the front she was joined by two men, who from time to time backed her in her statements.

Finally Klinard, who appeared to be the chief protestant, was roused off the floor and he reluctantly took his seat.

Then Supervisor Bridge injected another phase into the matter when he brought to the attention of the board that he had purchased coal oil for one of the election booths, paid for it out of his own pocket, and declared that he would not "put in a bill to the county."

"That's right, that's right," spoke up Mr. Erickson. "He bought the coal oil for our precinct."

"However," continued Supervisor Bridge, "there were other precincts that he had purchased coal oil for one of the election booths, paid for it out of his own pocket, and declared that he would not 'put in a bill to the county.'

"I suppose that I can pay for that myself," he shouted, "because I wouldn't want to bankrupt the county."

From the rear of the room, Protestant Klinard called out that he had paid two bus for coal oil and \$1 for having the 715 ballots and refuse from Piedmont No. 1 carted to the county clerk's office.

"I suppose that I can pay for that myself," he shouted, "because I wouldn't want to bankrupt the county."

With that part of the proceedings dismissed, the supervisors satting as an election committee, determined the exact count of the returns of the 200 precincts in the county. They, with the clerks, will work six hours per day until the count is completed, which will not be this week.

K. H. Wigman assured the board for a list of all the officers who served at the general election, intimating that there will be "something doing in a legal way to force the supervisors to pay extra for the count of ballots."

M. E. Clough, president of the Old Guard Association, which is made up of past members of Company A, Fifteenth Regiment, N. G. C., asked the board to protest to Adjutant-General Forbes the removal to San Jose of the retarnation hospital corps.

The Oakland Real Estate Board was allowed \$150 to help defray the expenses of advertising the convention of the California State Realty Association, which will be held here November 19 to 21.

Liquor Licenses were granted to Simon Costa and M. Kuncet of Mission San Jose, W. R. Rose and J. R. Silva of Newark, and to the Southern Pacific Company for bars on the ferry steamer.

Applications for licenses were made by J. F. Fredrickson and N. W. Boyen of Alvarado; C. H. Christensen, Altamont; James Frandsen, San Lorenzo, and the Southern Pacific Company for the ferry Encinal.

Nov. 6, 1914.
To the Board of Supervisors, Alameda County:
Your attention is hereby directed to sections 1121 and 1122 of the election laws of the State of California. The sections are very explicit and mandatory, and leave no room for argument or evasion.

Section 1122—"There shall always be as many precincts as shall be sufficient to make the number of votes polled at any one precinct to be not more than two hundred, as nearly as can be determined."

Now call your attention to the fact that precinct 156, Brooklyn township, polled 315 votes at the August primary. That you had official knowledge of this fact, you may be sure, from the return from said primary election.

That you have had ample time since then to re-district the precinct as required by law.

And that the same precinct polled 450 votes at the election held on November 3. Inasmuch as section 1072 declares that

MAKES DEATH AND SUICIDE THREAT

SAN FRANCISCO, Nov. 8.—Threatening to kill her three little children and to commit suicide unless her husband was found and returned to her, Mrs. Rose Bush was taken into custody by Officer M. J. White of the Society for the Prevention of Cruelty to Children and placed in the Detention Hospital and the husband and father, F. Bush, of 242 Harrison street, was before Judge Shortall. A heartbreaking story of the cruelties of hopeless poverty was told in court by Officer White in prosecuting Bush for refusing to provide for a minor child.

According to White the family has been destitute for a year and periodically during that time the Association Charities have replenished the cupboard.

On every occasion when the latter was

refilled Bush would come home and live on the charity until the supplies were gone. Then he would disappear again.

Last Friday Officer White called at the Bush home to see to the welfare of the children and with tears streaming down her face, Mrs. Bush said:

"The next person to call here will be the coroner. The morgue wagon will soon be driving up to my door. My husband has left me. If you don't find him I am going to kill my children and myself."

White realized that the woman was desperate and after ordering her sent to the Detention Hospital he placed the children in the Detention Home. When he started out after Bush, After Judge Shortall had heard the evidence against the husband today he continued the case until Wednesday for determination.

SEEKING PEACE.

CHICAGO, Nov. 8.—Efforts to restore peace between organized baseball and the Federal League were rewarded with the arrival of baseball men from every part of this country and Canada enlivened interest and the arbitration board was expected to furnish its quota and resultant consequences.

A special train from Chicago was

scheduled to bring the largest contingent of baseball men but trains from the South and West were also bringing in men interested in baseball and in the financial net less than the sportsmanship end of the game.

During the night local baseball men learned that the entire national baseball commission body would be on hand to observe the deliberations of the association meetings and take such action as might be deemed necessary.

"Are any of these persons present

who desire to say anything?"

No one surred and the question was

repeated. Still no one among the scores of spectators rose and Mrs. Erickson, applying for a permit, declared that "if no one else will speak, I will."

As she advanced to the front she was joined by two men, who from time to time backed her in her statements.

Finally Klinard, who appeared to be the chief protestant, was roused off the floor and he reluctantly took his seat.

Then Supervisor Bridge injected another phase into the matter when he brought to the attention of the board that he had purchased coal oil for one of the election booths, paid for it out of his own pocket, and declared that he would not "put in a bill to the county."

"That's right, that's right," spoke up Mr. Erickson. "He bought the coal oil for our precinct."

"However," continued Supervisor Bridge, "there were other precincts

that he had purchased coal oil for one of the election booths, paid for it out of his own pocket, and declared that he would not "put in a bill to the county."

With that part of the proceedings dismissed, the supervisors satting as an election committee, determined the exact count of the returns of the 200

precincts in the county. They, with the clerks, will work six hours per day until the count is completed, which will not be this week.

K. H. Wigman assured the board for a list of all the officers who served at the general election, intimating that there will be "something doing in a legal way to force the supervisors to pay extra for the count of ballots."

ANOTHER CLAIM.

From the rear of the room, Protestant Klinard called out that he had paid two bus for coal oil and \$1 for having the 715 ballots and refuse from Piedmont No. 1 carted to the county clerk's office.

"I suppose that I can pay for that myself," he shouted, "because I wouldn't want to bankrupt the county."

Now call your attention to the fact that precinct 156, Brooklyn township, polled 315 votes at the August primary.

That you had official knowledge of this fact, you may be sure, from the return from said primary election.

And that the same precinct polled 450 votes at the election held on November 3. Inasmuch as section 1072 declares that

member of a board of election "shall receive no compensation for his services except not to exceed ten dollars," and section 1122 provides that the number of votes polled at any one precinct be not more than 300, I would like to know whether, having knowledge of the facts in the matter of dividing the precincts, you are now prepared to request me again for further compensation which I now make. Yours sincerely,

CHARLES RANDALL,
Inspector of Precinct 156, Brooklyn Township, Oakland.

POSTOFFICE SHOWS GAIN

SMALL ARMY EMPLOYED

Nov. 9, 1914.—It was twenty-five

years ago today that the free delivery

of letters was extended to all towns

in the United States having 5000

population or over. This completed the extension of free delivery of letters paying 10 cents postage, which began on that date. The free delivery of letters was, however, begun in the larger cities in 1883 during the civil war. It was then made necessary by the fact that the people in the cities crowded the post offices to hear from the front. In large cities like New York, Philadelphia and Boston the increased mail of war almost swamped the post office department and made free delivery an absolute necessity. In 1884 there were only 50,000 letter carriers in all the cities of the United States. In 1885, when free delivery was extended to smaller towns, citizens in towns of 25,000 population had to send to the post office for their mail. The most urgent letter could not be delivered by post a single moment ahead of the most unimportant and a vast majority of the country living in the rural districts had to travel on an average of from five to ten miles for mail and in many of these districts mail was delivered at the post office only once a week.

ARMY OF EMPLOYEES.

Today in almost every town and city the mail is delivered at office

shop or residence from one to ten

times daily except Sunday by an army

of nearly 45,000 rural carriers

serve country communities from Flor-

paration. Advises Dr. Geo.
M. Stratton.

BERKELEY, Nov. 9.—Nothing, in the opinion of Professor George M. Stratton, of the university department of physiology, is wrong with the mental processes of the European nations. What made them go to war was bad management, he says. Two causes for war are suggested by Dr. Stratton, who calls himself a wide representative of a psychologist.

The first cause of war is that we reduced the nations by reducing unnecessary preparations for conflict. The cause of arbitration and of delay in opening hostilities must be preached. Commenting on the war and its lessons for peace, Dr. Stratton said:

"The fighting instinct of man is not reduced, he claims, by reducing unnecessary preparations for conflict. The cause of arbitration and of delay in opening hostilities must be preached. Commenting on the war and its lessons for peace, Dr. Stratton said:

**CLUBS OF ALAMEDA TO
HAVE ELABORATE EVENTS**

ALAMEDA, Nov. 9.—The Thanksgiving dinner of the Adelphian club, which had been planned for the evening of Tuesday, November 10, has been postponed owing to the absence of the family of the president, Mrs. A. J. Burger. The other event of interest for the week is the meeting of the new book section, Thursday afternoon, when Mrs. E. C. Parker will introduce "The Story of Civilization" by J. Locke. Mrs. B. C. Brown is curator.

The dramatic section and dancing class will have the regular practice to-morrow evening. The matinee данстан planned for Saturday next has been postponed owing to the cold weather.

The following Monday the regular basket luncheon and business meeting will be held for members only.

Robert James, who resides next door to the girl's home at 2018 Buena Vista avenue, telephoned the police and Dr. Stanford took her to the emergency hospital and left her there. Dr. Arthur Hieronymus was summoned later by the police and he attended the girl. She was later removed to her home.

The police investigated the case.

**REACH AGREEMENT ON
SPRUCE STREET PAVING**

BERKELEY, Nov. 9.—Members of the city council, in conference with upper Spruce street residents yesterday, reached a decision in regard to the paving of that street which is expected to be put into effect at once by resolution of the city commissioners.

The commissioners' proposal was agreed to by which the property holders will replace damaged portions of the gutter, while the city will macadamize the street and oil and screen the surface. The assessment to property holders expected to be 25 cents per front foot.

WOMAN WORRIES POLICE.

ALAMEDA, Nov. 9.—As the result of her wandering aimlessly about the city, apparently without a home or friends, a woman, known as "the vagrant," is causing the police much anxiety.

She had been found in various parts of town on five different occasions and has been taken to the police station for the assistance of local residents.

But the police have been unable to find a charge to place against her and do not know what to do with her. The result is that she is given her liberty and as promptly is taken back to the city jail. Nearly every policeman on the force has taken her into custody.

REFUND DUE TOMORROW.

ALAMEDA, Nov. 9.—Property owners in Eleventh district, Nos. 5, 6, 7 and 8 will to-day be paid a surplus in the funds that were collected by the city for the installation of the street lighting system in Alameda City Auditor F. J. Croll has had the amounts extended on the books and all is ready for the rebating tomorrow.

The principal amount in the various districts will be \$100, which will also include the collection and dismantling between the hours of 8 and 8.

Tickets may be obtained from Mr. P. S. Teller, chairman, of Alameda. It is hoped that Alamedans will have a good time at the fair. An energetic campaign is being made by the business and her assistants and there will be a large number of women of this city enrolled as members of the auxiliary before the arrival of 1915.

Alma George P. Barton, Mrs. F. R. Weeks, vice-president, was acting president this afternoon at the Hotel Oakland. Mrs. A. C. Posey, county chairman, presiding. The speakers were Miles Muller, Conner, who talked on "Engineering Architecture"; Mrs. L. C. Williams, who spoke on "The Work of the Traders' Aid; and Atria C. Rose, chair of the department of social economy and education. Saturday, November 21, is the date of the dedication of the California building. Tickets for admission to the building will be \$1.00, which will also include the collection and dismantling between the hours of 8 and 8.

Tickets may be obtained from Mr. P. S. Teller, chairman, of Alameda. It is hoped that Alamedans will have a good time at the fair. An energetic campaign is being made by the business and her assistants and there will be a large number of women of this city enrolled as members of the auxiliary before the arrival of 1915.

ARSON ATTEMPTS PUZZLE POLICE

Second Effort to Burn Down
Home of A. B. Hooke Is
Foiled by Victim.

The police are mystified by two attempts to burn down the home of A. B. Hooke, 453 Thirty-ninth street. The second attempt was discovered by Hooke early yesterday morning when he was awakened by the smell of smoke and the crackling of flames. Hooke found a small fire on the mud-sills of the house just inside the basement door. There was an odor of coal oil and the fire had evidently been set by an incendiary. Hooke succeeded in extinguishing the flames without the aid of the fire department.

A similar attempt to burn down the house was made August 25, and was discovered in time by A. B. Spangler, 559 Thirty-seventh street, who was passing the house at the time. Spangler aroused Hooke and assisted in putting out the fire. Raids saturated with coal oil were found.

Inspectors St. Clair Hodgkins and John Dutton investigated the first fire and Inspector Dutton investigated the second attempt yesterday. They are at a loss to explain the matter. Hooke rents from the owner of the house and has no furniture. The insurance carried by the owner is not sufficiently large to cause suspicion to be directed toward him.

Hooke told the police that he was at a loss to explain the matter and that he had no enemies he could suspect of attempting arson.

"Maybe somebody in the neighborhood is trying to make us stay or wants the house and has used this plan to frighten us," said Hooke. "But I cannot understand the matter. It is a mystery."

PROMPTLY MAKE ARREST OF ROBBERY SUSPECT

SAN FRANCISCO, Nov. 9.—Detectives Dins and Wren this afternoon arrested a man whose name they refused to divulge in connection with the robbery of Mrs. E. W. Bennett, 140 Devaladero street, at her home at 5:20 last night. The aged woman was badly beaten and her diamond earrings torn from her ears. Jewelry and cash were then stolen from the home.

Henry Siegel Faces Grand Larceny Charge

GENESEO, N. Y., Nov. 9.—Henry Siegel, bankrupt banker and head of New York department store that bears his name, appeared in the U. S. post office court here today to stand trial for grand larceny. The alleged offense was committed in New York, but Siegel succeeded in securing a change of venue.

Siegel is charged with having appropriated less than \$700 of the funds in the private bank conducted in connection with his department store.

Progressive Leaders Deny Joining G. O. P.

CHICAGO, Nov. 9.—The meeting here of December 2 of the executive committee of the Progressive party assumed added importance today with the announcement that a full attendance of party leaders of all the western states also was expected.

The chief in conference, it is expected, that a defeat of November 3 will be carefully analyzed and new campaign plans based on the result. Local leaders insist that there is no thought of amalgamation with the Republicans.

MOOSE TO HOLD BENEFIT.

This evening the members of the east bay lodges of Moose will attend a benefit theater party at the Orpheum Theater, given under the auspices of the uniform bodies of Oakland Lodge. The drill team, drum corps and band of Oakland Lodge are among the best organizations of the kind in the west, and it is planned to give an exhibition drill, a performance by the drum corps, a solo singing by the band as a portion of the program, to be given during the intermission. The committee in charge consists of Captain C. Sullivan of the drill team, Captain Richard Davis of the drum corps and Director Charles Smith. Many members of the uniform bodies have taken an active part in assisting them.

HINTS SCANDAL

IN DIVORCE SUIT

Mrs. Irma Laugener Makes San Francisco Amendment Is Defeated, Late Returns Show.

SAN FRANCISCO, Nov. 9.—A brief of scandal almost disturbed the committee's vote of the divorce trial of Mrs. Irma Laugener against William H. Laugener, president of the W. H. Laugener Company, during the time of the San Francisco amendment was defeated before 8 p.m. Judge Rembrandt, the presiding justice, was testifying in his witness stand, when the returns were compiled to date.

OAKLAND TRIBUNE EDITORIAL PAGE

FOUNDED BY
William E. Dargie
IN 1875

Watch Out, Mr. Saloon Man!

California has voted "wet," Mr. Saloon Man, not because of your business, but for the reason that a material interest, a legitimate interest, the wine industry, might not perish from the earth. California has voted "wet" in order that the hop industry and the barley industry might continue and that the farmers of this commonwealth shall be protected in their rights to sell their products to men engaged in the manufacture of a drink that makes for temperate use of alcohol, instead of excessive.

Do not imagine for one instant, Mr. Saloon Man, that California took this action because California wanted to aid you in making men drink more than they should.

The saloon business, properly conducted, Mr. Saloon Man, would be legitimate, but you are outlawing it as fast as you can. Every time you permit ribald song to be sung in your place you are contributing to your own downfall. Every time a man staggers along the street intoxicated you, sit, have furnished an argument for the closing of your place. Every time you allow an indecent word to be spoken in your place you add to the argument in favor of abolishing it.

People who drink wine and beer in their own homes, Mr. Saloon Man, do so in moderation and are none the worse for it. As a matter of fact it is potent that some men and some women are the better for it. Alcohol, used properly, is a blessing, recognized as such through the ages. Alcohol, improperly used, is a curse, also so recognized. The saloon, or public drinking place, was originally designed for the accommodation of the poorer classes, men not able to stock a cellar with the finest vintages, or to buy a barrel of ale or other drink. In some countries it is conducted on those lines. In some countries ministers of the Gospel of the Nazarene frequent these places, indulge in moderation and find in the temperate use of stimulants that exhilaration that sharpens the intellect and produces an exaltation of brain productive of great thoughts. Alcohol has not been entirely evil. It gave us the weird poems of Poe; it gave us Prentiss's New Year; it has given us many brilliant productions of mind and will continue to give them.

But, Mr. Saloon Man, in those countries where ministers and their flocks participate to a limited extent in mild alcoholic drinks, the places wherein they are sold are as safe for your wife and child, or any man's wife and child, to enter as a grocery store. They are what they were designed to be, the meeting places of those who are not able financially to maintain great stores of liquors in their own cells.

The saloon, Mr. Saloon Man, was designed to be decent. By decency in your business is meant a place where any decent man, or woman, can go and buy a drink without fear of insult. But you have departed from that ideal, Mr. Saloon Man, and notwithstanding the fact that all over the nation you see your business crumbling, you still persist in permitting conditions adverse to decency to exist.

Your future in California, Mr. Saloon Man, depends upon yourself. If you will unite with your fellow saloon man in declaring that the dive shall cease, that intoxication shall cease, that no foul mouthed, ribald, degenerate beast shall frequent your places; that no man shall totter from your doors because of having been served too much; that the crook and the short card man shall be excluded; that the house shall be conducted on the lines of the drygoods store, the grocery store or the furnishing goods house, and that the man who violates the rule of ethics which will produce this result shall be by you forced out of business, you will be allowed to continue. If you do not, then your occupation is gone.

It is up to you, Mr. Saloon Man, to say whether you shall continue or not. The mass of the people are disgusted and dissatisfied with you and will vote you out of existence at the first opportunity unless you reform yourselves. Which course will you pursue?

Villa offered to resign if Carranza would. Villa must be a mind reader.

George Bernard Shaw declares the warring nations should get off Belgian soil. We wait with great expectancy the answer of the commanders of the armies engaged in strife respecting this suggestion. Shall Germany retreat to her own soil, or France withdraw toward Paris in order to let the battles of the future occur on her soil? George Bernard Shaw occasionally makes a practical suggestion, but in this last premise he is about as practical as a toothpick for bailing a boat.

A trans-bay newspaper will publish the experiences of an alien who went back to his native land to fight, sure that death was going to overtake him, but has survived long enough to write a space story of his acts in connection with the strife.

It is said that France has planned to spend \$71,000,000. in the United States for supplies. Every little helps.

To Arms! To Arms! Danger Ahead.

Gentlemen of Congress, wake up. The country is in danger. Two governments, foreign governments, have laid plans to take New York and San Francisco and hold them for ransom. Our own Theodore Roosevelt says so, and he has seen the plans, although he never mentioned that fact until recently.

Treaties are no good. The colonel says so. He directs attention to the violation of The Hague agreements, which have, so he claims, been knocked into smithereens by the action of Germany in overrunning Belgium and Luxembourg—and he proceeds to chide President Wilson and Secretary Bryan for allowing this action to go unprotested—hence all the agreements made with other countries for arbitration are no good unless backed by an immense army, a mighty navy and big guns galore, Zeppelins, aeroplanes, hydroplanes and all the varied paraphernalia of war.

Of course we all know the colonel is a bit impetuous since that little episode around Kettie Hill, and that occasionally he sees red. For that reason we might have been tempted to pass over his demand that the United States of America arm for a possible fray, but he has received backing from another source that is so convincing it must be heeded. Our own Thomas R. Marshall of Indiana, sometime Governor of the Hoosier State, now Vice-President, a warrior of some note himself—along certain lines—in an interview declares if disarmament does not follow the close of the war in Europe, this country must prepare to get busy in coast protection and other protection. Fortifications must be built at every necessary point, says the Vice-President, the army must be enlarged to a size and strength that will repel any invasion, the navy must be improved "to a point where it will be able to withstand the combined navies of the rest of the world," which will be some navy.

Honestly, most of us did not know the country was in such danger. Most of us have believed that with oceans on both sides of us, great natural barriers of water between us and invasion, that we were comparatively safe from attack, inasmuch as it will require some boats to land an invading host of any tolerable size on our shores. But it appears we have been mistaken all this time. The colonel, who knows everything worth knowing, and knows more than all creation, including its Creator, has said so, and he is backed by Marshall.

With these two men united in their arguments what shall mere mortals do but acquiesce? There is no other course. Gentlemen may cry "Peace!" but there is no peace, as the late Patrick Henry told the Virginia House of Delegates. The next gale that sweeps across the Atlantic may bring to our ears the chug, chug of the destroyers and the swish of the dreadnaught as she churns the foam, with a "bone in her teeth," while the gentle zephyrs that kiss the west coast may be laden with the sulphur smoke of a great fleet conveying about four thousand transports loaded down with warriors bent on knocking the daylights out of the gallant State troops commanded by the general from Marysville, and the few battalions

of regulars scattered among the fortifications overlooking the sunset. What is our duty? Start the navy yards overtime, speed up the factories where cannons are made, put an extra shift making rifles and cartridges and call for enlistments. Trouble is in the air, on the earth and out on the mighty deep. To arms! To arms! Citizens, form yourselves into battalions, brigades, divisions, corps, commissary departments and bureaus for the disposal of quartermaster's stores, for just as soon as Europe gets through with her little struggle, this side of the earth is going to rock and teeter and we should be ready to participate in the hilarity.

Meyer London, Socialist, representative-elect to the lower house of Congress from New York, proposes introducing a bill providing that no workman can marry a working girl unless she has a union card. It is fair to presume also that Meyer will insist on the babies being branded with the union label. But wouldn't that sort of tommyrot jar you?

The latest is that Rumania may intervene in the European war. Looks as if the conflict would soon become general.

Now that Uncle Sam has constructed a new model 16-inch gun without publicity, the press of the country is giving it publicity.

Once again it is learned that the German crown prince has not been shot. In the light of the many stories circulated concerning his death, the luck of the young man seems phenomenal.

Casual glances at exchanges from the Atlantic to the Pacific reveal unanimity of expression on the part of the able editors. Nearly all of them lead off with the expression: "As we predicted."

SAYS TRUST BILL BIG AID TO LABOR

Clayton Measure Pronounced Achievement for Working People.

PHILADELPHIA, Nov. 8.—There was but one contest in the seating of delegations in the thirty-fourth annual meeting of the American Federation of Labor, which opened here today, and that was in favor of those elected by the regular organization of the United Garment Workers of America. The delegations seated are Thomas A. Richter and Bernard A. Langer, president and general secretary, respectively, of the Garment Workers' Union.

Trouble arose in that union some time ago with the result that a certain number of members held a separate convention and elected a set of delegates to the federal convention.

The report of the credentials committee showed 353 delegates in attendance, representing 2,020,000 members, composing the American Federation of Labor.

PHILADELPHIA, Nov. 8.—The Thirty-fourth annual convention of the American Federation of Labor opened here today to continue two weeks. Prior to the meeting there was a short street parade. The city appropriated \$25,000 toward the expenses of the convention and in entertaining the delegations a court of honor that stretched from the hall to the convention hall greeted the visitors.

Jurisdictional fights, which have featured some of the past conventions of the Federation are likely to take up time in the present gathering. The status of American employees in the Panama Canal zone will be discussed.

The most important contest over the seating of delegations is from the United Garment Workers of America. One faction is headed by the old general officers of that union and the other by a new set elected at Nashville last month.

PHILADELPHIA, Nov. 8.—Pronouncing the passage of the Clayton trust law as labor's greatest single accomplishment for the year, the executive council of the American Federation of Labor presented its annual report today to the Thirty-fourth convention of the Federation year. The voluminous document covers every question which has affected labor during the year, including the European war.

Of the Clayton bill the council's statement says that it "contains the most fundamental, the most comprehensive enunciation of industrial freedom found in any legislative act in the history of the country, and that it is maintained through the organized economic power" represented by the workers of the United States.

Discussing economic organization as the key note of the Federation's thought and effort, the council expressed its belief in the right of the workers to self-government and political progress in managing their affairs.

"Organized labor," it adds, "has assisted the effort to mitigate the industrial disorganization and losses entailed by the European war."

"Before the war," it continues, "the thought and effort of civilization were concentrated on the development of the human life. One life counted for infinite value. But since the cataclysm that brought war between the nations, men are treated as only military pawns. Things are valued for their life-destroying power. Guns are worth more than men."

NATIONAL RELATIONS.

The war is said to be the product of "strategic conditions and policies and resultant to a somewhat slow and belated progress of the age; but so far we have made little progress in providing agencies for organizing international relations to maintain peace and justice. The war has shown that war cannot be stopped by the efforts of one nation only when society is convinced that human life is really sacred and when society establishes agencies, international as well as national, for protecting life."

Summing up what may be taken toward the establishment of war, the report continues:

"Militarism and competitive armaments must be abolished, and tribunals for awarding justice and agencies for enforcing determinations must be instituted. International interests and issues exist. Political institutions should be established corresponding to political determinations, and man's mind must be directed in demands for world federation and the rule of reason between nations. The working people of all lands bear the brunt of war. They do the fighting, pay the war taxes, suffer most from the disorganization of industry and commercial life, and are the ones to suffer."

Turning to the Mexican situation the report makes public a letter from President Gómez to Rafael Zurbano, United States Representative Mexican Constitutionalists, dated July 14, of this year, saying the Federation, more than any other organization in the country, demanded that the United States, aided the success of the "prospective government" and urged the withdrawal of the avowed declaration of "those who speak or resume to speak in the name of General Carranza" that "retribution or the most severe punishment" would be visited upon those who had "done the wrongs of Madero." Such a withdrawal, the letter added, would have a tranquilizing effect and tend "to unite the people of Mexico in support of an orderly government."

SYMPATHY FOR MEXICO.

The report adds: "We extend to the people of Mexico under this new regime

our felicitations and our best hopes for their welfare and progress."

Delegations were made of conditions in mining fields in West Virginia, Colorado, Montana and Montana, including much of the correspondence exchanged between operators, employees and officials of the federal and state governments. Summing up the general situation the report concludes:

"The various different movements of the miners for improved conditions have been more complicated this past year than those of any other organization.

This is due to the intensity with which the miners have been waged, amounting to almost civil war.

From the miners' point of view, the miners live in the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; the churches which minister to their spiritual needs; the stores from which they buy their food and other necessities; the postoffice where the miners live; the villages made up of these mines; the school houses to which their children must go for mental training; CANNY SCOT
IS NA' EASY
He'll Cheat Himself, but
None Else
May

Some one told a story at dinner the other night of two highwaymen "holding-up" a Scotchman. The Scotchman resisted violently, beat the two men with his fists and fought like a madman. In the end, after a terrific battle, he was overcome, and after searching vainly through all his pockets, the robbers finally found a small sum away in one.

"The Devil, Jim, he didn't have a dime," said one, "he'd have had more."

Which may not be true, but is commented on by Scotch thrift, and suggested to one of the dinner guests a story of her grandfather.

He was an Edinburgh gentleman of the early Victorian period, who, with his share of Scotch thrift, had a deep-seated distrust of corporations.

The family had a summer cottage at Sunol one year and grandfather went down for a week-end. The railroad then sold week-end round-trip tickets for \$1.50, and the old gentleman traveled down on one.

But he liked Sunol and decided to extend his visit, and difficulties over the return trip ticket presented themselves. Grandfather made inquiries. It could not, by any extension of courtesy, be used later than Monday of its limit. To return Tuesday or Wednesday would necessitate another full day's fare and render the return trip ticket useless. The railroad company would be about 75 cents.

It struck grandfather as unfair and intolerable. He refused to let a corporation get 75 cents from him for no value received.

So he traveled back to Oakland Monday morning on the ticket. Monday evening he returned to Sunol for \$1.25, and back to Oakland on Wednesday for another \$1.25. For an outlay of \$2.50 he had saved the value of the 75-cent ticket, and the corporation was beaten. Which is a true story.

FOR MISS WETMORE.

Mrs. Laura Currey will be hostess at a tea at the Oakland on Thursday afternoon in honor of Miss Phyllis Wetmore, who has recently returned from abroad. A dozen girls of the younger set have been asked to meet Miss Wetmore. Mrs. Robert Currey and her daughter have been spending several weeks at the Oakland from their home in Dixon, and will remain until Thanksgiving. Miss Currey is very popular in the younger set and much entertaining has been done for her during her stay.

* * *

DINNER AT THE OAKLAND.

Mrs. Frederick Van Sticken was hostess at a dinner at the Oakland Saturday evening, entertaining ten guests who were house guests over the week-end at the Van Sticken home in Alameda. They were members of the younger set in San Francisco who are friends of Frederick Van Sticken Jr. Miss Hilda Van Sticken was also of the party that was seated at a round table decorated with violets and golden chrysanthemums.

The guests included Miss Marian Crocker, Miss Ruth Zelle, Miss Corene Du Pe, Miss Beatrice Nickel, Frederick Truman, Homer Curran and Jack Neville.

* * *

AT CORONADO.

Mr. and Mrs. Henry Eugene Jackson (Gertrude Adams) are at Coronado on their honeymoon, and will leave this week for visit to Los Angeles and Santa Barbara. They are expected home on the fifteenth, when they will take possession of their new home in Crocker Highlands.

* * *

TO LIVE IN OAKLAND.

Mr. and Mrs. Howard Burns Rector have given up the residence they have occupied in Prince street, Berkeley, since their marriage, and have taken an attractive house in Perry street, near Vernon, where they will make their home in future. Mrs. Rector, who was Miss Gladys Brigham, is one of the charming younger matrons of

the city.

* * *

MRS. BAKER A HOSTESS.

Mrs. Charles Baker was hostess at a bridge luncheon this afternoon at her home in Piedmont that has recently been occupied by the Tysons. Among those who were entertained at the buffet luncheon followed by an afternoon of bridge were: Mrs. Charles E. Woodbury, Mrs. M. A. Miller, Mrs. Frank B. Odgen, Mrs. Maria Shepard, Mrs. George Gustavus, Mrs. L. L. Storer, Mrs. B. M. Englehardt, Mrs. Charles Baker, Mrs. Walter Manuel, Mrs. Leon Hall, Mrs. D. B. Hunter, Mrs. F. A. Warner, Mrs. John McElroy, Mrs. C. H. Olds, Mrs. M. J. Erickson, Mrs. George Child and Mrs. Mikel.

POLICEMAN IS STRUCK BY SPEEDER

His Attempt to Arrest Ends in His Injury and Miscreant's Escape.

OAKLAND, Nov. 9.—An apparently vicious attempt to run down and kill an officer of the law, occurred at 6 o'clock this morning on the Fell street boulevard when Patrolman George Springfield, while attempting to enforce the speed laws, was bowled over and painfully hurt by a roundabout containing a man and a woman.

Springfield received a fracture of the left arm and severe bruises, but despite his injuries jumped into another machine and made a successful effort to overtake the speeders.

The San Joaquin Chief of Police, Wm. Lewis, issued instructions to all policemen, whether members of the traffic squad or not, warning them that fast driving throughout the city must be stopped.

When, therefore, at 2 a. m., Springfield saw an automobile shooting along the Panhandle at a thirty-five mile an hour clip, he stepped out into the roadway at the Central Avenue intersection, flashed his pocket light and blew a police whistle.

As the car approached it slowed and halting it would come to a full stop the officer advanced.

Instead of halting, however, the machine was driven straight up to Springfield and although he attempted to jump out of the way he was struck by the fender and thrown heavily. The auto was then driven into the high and sped on down the boulevard.

Although suffering great pain Springfield stopped another machine and followed.

The pursuit led down Fell street to Pierce and then to Waller, where the fugitives were lost in the darkness.

Springfield had his uniform dressed at the Pacific Hotel. Saw that the car was of grey color of the runabout type and carried a man and a woman, the officers were able to obtain no description and the number of the machine is lacking.

HOTEL ASSN. TO HOLD MEETING

Leading Hostelry Managers to Give Views on Aims of Organization.

Arrangements are being made by the Hotel Association on this side of the bay to have a number of the leading hotel managers of San Francisco give their views on the association's aims at the meeting of the Association tomorrow in the Key Route Inn.

Henry Barker, manager of the Key Route Inn, declares that the presence of the San Francisco hotel men and some of the West Coast commissioners will exert an important to the gathering.

"The need of such an organization," said Mr. Barker, "has been proven by the enormous strides it has made during the short period of its existence on this side of the bay; it is felt that this long-continued growth of the association has been greatly accentuated by the coming of the Exposition visitors, and that this consolidation will enable us to keep in Oakland many of the people who under less favorable circumstances would be prompted to seek elsewhere for accommodations."

Appropriation Made to Protect Girls at Fair

SIOUX CITY, Ia., Nov. 9.—The World's Fair Federation has appropriated \$20,000 to protect girls who visit the San Francisco Exposition. This statement was made by John B. Hammond of Des Moines, Ia., superintendent of the law enforcement division, who arrived here yesterday. The action was taken at a meeting of the executive council in Kansas City yesterday.

RUN DOWN BY AUTO.

SAN FRANCISCO, Nov. 9.—Tony Hassett, son of the Thomas Hotel was run down by an automobile on Mission street near Sixth this morning. The machine was driven by H. T. E. Dickson, who picked up the injured man and conveyed him to the Central Emergency Hospital. He was treated for severe bruises of the body.

10:30 A. M.

This stock is in first-class condition. Some of it is slightly damaged by smoke.

ALL MUST AND WILL BE SOLD.

J. A. MUNRO & CO. Auctioneers.

SAYS MOST GIRLS GO WRONG BECAUSE OF HOME CONDITIONS

KANSAS CITY, Nov. 9.—More girls go wrong because of home conditions than for any other reason, asserted Miss Margaret E. Luther, superintendent of the Florence Crittenton Home, New York City, in an address today before the International Purity Congress. Miss Luther said that most of the girls with whom the courts have to deal are not more than 18 years old.

"Statistics show that the larger number of girls who go wrong are alone in the world," she said. "Now are they all wage-earners. Girls come to us from all stations of life and in most of the cases the minds are polluted in early childhood."

Stories of locked doors and barred windows in connection with white slavery are largely imaginary, according to Miss Luther.

"The men who live on commercialized vice are the men you see standing on the street corners," she continued. "Their victims are usually silly little girls who win by wiles and the girl such a man can ensnare soul, mind and body, is worse than any physical slave."

Judge recently told me that 90 per cent of the men he had sentenced to jail for white slavery were less than 22 years old."

FELICITATES HIS RIVAL ON VICTORY

Ex-Collector Stratton Sends Congratulations to Judge-Elect J. E. Richards.

Former Collector of the Port Fredrick Stratton of Oakland, who ran a strong race for Associate Judge of the District Court of Appeals in the recent election, has written a note congratulating Judge John E. Richards of San Jose on the latter's victory.

Judge Richards was appointed to his post by Governor Johnson, and was making the battle to succeed himself. The letter follows:

Dear Judge Richards: You have won a handsome victory over me. I sincerely congratulate you upon it. In addition to your appointment, you may now have the satisfaction of knowing that the voters wanted you rather than me or anyone else, and this, after a strenuous contest into which I put my fullest energy and which I expected to win.

The support of your two associates who were and are my friends shows your fitness and popularity more than anything else. You could, I am certain, have easily won without their assistance.

May the success that has been with you in the past continue in the future. Very truly yours,

F. S. STRATTON.

HEIRS CONTEST FOR VAST ESTATE

Children of Late Mrs. MacDermott Appear in Fight Over Administration.

With the privilege of administering an estate valued in excess of \$1,500,000 with its attending fees amounting to many thousands of dollars, the four children of the late Flora Mae MacDermott appeared before Superior Judge Wells today contesting for letters of administration.

Mrs. Mary MacDermott Winchester Crawford who hastened here from England upon learning of her mother's death is the eldest daughter and from across the Atlantic she cabled authorization of her contest. Mrs. Flora MacDermott Proctor is joined with her youngest brother Alfred J. MacDermott in seeking letters and Louis M. MacDermott, the oldest son, also wants to have a hand in administering the vast estate.

The different parties are represented by a corps of attorneys. This morning Judge Wells listened to the different heirs testify as to the probable value of the estate and the nature of its assets.

WEST OAKLAND HOME TO HOLD BENEFIT PARTY

A card party will be given on Tuesday, November 17, at the Pacific building, Sixteenth and Jefferson streets, for the benefit of the West Oakland Home. The apron committee is in charge of the do-it-yourself, which will be held for the benefit of the home and many arrangements have been made to insure the success of the undertaking. Mrs. John Lauchland is chairman of the card party, and Mrs. William A. Donaldson is chairman of the apron benefit table.

The following women are on the committee in charge of arrangements:

Mrs. E. M. Hallion, Mrs. C. Alfe, Mrs. E. J. Bores, Mrs. F. J. Bell, Mrs. A. Bohs, Mrs. J. W. Gray, Mrs. B. B. Bain, Mrs. A. W. Grey, Mrs. T. B. Bibb, Mrs. F. R. Chadwick, Mrs. A. C. Cheta, Mrs. G. H. Denman, Mrs. A. M. Kimball, Mrs. E. J. McKinlay, Mrs. E. Murphy, Mrs. C. Millisch, Mrs. A. J. Merita, Mrs. F. A. Morell, Mrs. H. Hoschmidt, Mrs. F. G. Law, Mrs. A. B. Tachoco, Mrs. C. Tifang, Mrs. F. D. Springer, Mrs. E. F. Pierce, Mrs. J. Hesse, Mrs. S. J. Smith, Mrs. S. Springer, Mrs. J. Dunbar, Mrs. G. W. Gunster, Mrs. D. Danford, Mrs. George Tobin, Mrs. E. A. de Lancaster, Mrs. L. F. Frederickson, Mrs. J. R. Hodges, Mrs. C. Jewell, Mrs. A. L. Leber, Mrs. H. H. Kirby, Mrs. R. Thompson, Mrs. C. D. Willits and Mrs. H. C. Montgomery.

BILL POSTER'S WIFE QUILTS.

SAN FRANCISCO, Nov. 9.—Charging that hubby pawned everything of value that he could lay his hands on and explained to her on one occasion how easily he could kill her with a razor, Mrs. Annie Marie Williams brought suit for divorce Marie against Albert Williams. She wants alimony and counsel fees.

Williams is a bill poster.

WOULD AID RODRIGUEZ.

WASHINGTON, Nov. 9.—Friends here of Augustin Rodriguez, who was one of the three Mexican delegates to the Niagara Falls mediation conference last summer, and who, according to reports from New York, has been thrown into prison there, are preparing to lay the matter before the state department with the request that this government inter-

GUTIERREZ' MIKADO AIDS CAPTURE IS DOUBTED

State Department Discredits Reports of Imprisonment of New President.

NAGOYA, Nov. 9.—Colonel Tenorio, an expert artillery expert, says will still reduce General Villa's defenses at Naco, Sonora, within four hours, have been employed by the Villa forces, which have again invaded the Carranza stronghold.

But Jose Martorena, the insurgent governor of Sonora, said he would not attack until Villa gave the order.

Martorena said he had again moved his forces close to the Carranza position on order of General Villa. He has 3000 men besides the artillery, which consists of seven 75-millimeter guns, weapons of the same calibre and kind which have been used so effectively by the French in the European war.

Col. Tenorio, who has charge of the artillery, was an officer in the Federal army 17 years. He is a graduate of the Chapultepec Military School.

ORDERS CONVENTION CLOSED.

SAN ANTONIO, Tex., Nov. 9.—General Carranza published a decree in Mexico City today ordering the Agua Calientes convention virtually dissolved by November 10, according to a dispatch received here today from R. L. McCleary, chief of the Carranza publicity staff in Mexico City.

DISCREDIT REPORTS.

WASHINGTON, Nov. 9.—State department advises today discredit the reports that General Gutierrez had been appointed as provisional president of Mexico or that he had been imprisoned for refusing to obey the Villa faction.

Official dispatches from Agua Calientes late yesterday sold the convention and Gutierrez were working in harmony and awaiting Carranza's reply to the message sent last week to notify him of the action of the assembly in deposing him.

Five days, which will expire at 6 o'clock tomorrow night, were set for the reply. Carranza, therefore, must decide whether he will recognize the sovereignty of the convention or be elected by that.

The state department had no report on the reported execution of two American cowboys, "Bishop" and Eclercs near Chinabusha.

The convention at Agua Calientes has appointed Enrique C. Loreto as its agent in Washington. He was consul at El Paso during the Madero administration.

Dispatches from American Consul Silizman at Mexico City today made no mention of the reported occupation of the citadel there by General Obregon.

PAYMENTS ARE VALID.

VERA CRUZ, Nov. 9.—General Carranza has issued a decree at Cordoba promising that the import and other taxes collected at Vera Cruz by the Americans since they have been in control of that seaport will not be levied again by the Mexicans after the American evacuation.

REPORT PRESIDENT PRISONER.

NEW YORK, Nov. 9.—General Eulalio Gutierrez, who was elected president of Mexico at the recent Agua Calientes convention, has been imprisoned by General Francisco Villa, according to a telegram said to come from General Venustiano Carranza and made public here last night by the Mexican bureau of information, the same agency that on Saturday night announced Gutierrez had repudiated the acts of the convention electing him.

The telegram accredited to General Carranza did not say where the new president had been captured or where he was believed to be incarcerated.

The reason for the seizure and confinement of Gutierrez, the message said, was that he had refused to be dominated by the demands of the Villa faction. The telegram follows:

I wish to inform you that General Gutierrez, who repudiated the Agua Calientes convention and the Villa clique, has been captured by General Villa and imprisoned. The reason for the action was because he failed to live up to the demands of the Villa faction.

The different parties are represented by a corps of attorneys. This morning Judge Wells listened to the different heirs testify as to the probable value of the estate and the nature of its assets.

MIKADO AIDS MISSIONARY HOSPITAL

Gift by Emperor Insures Success of Best Sanatorium in Orient.

TOKIO, Nov. 9.—Emperor Taisho has given 50,000 yen, or \$25,000, toward the foundation of St. Luke's international hospital at Tokio. The hospital will be conducted by the Episcopalian church mission, represented by Rudolph Tenorio.

The announcement of the imperial gift was made at the Villa, which had again invaded the Carranza stronghold.

But Jose Martorena, the insurgent governor of Sonora, said he would not attack until Villa gave the order.

Martorena said he had again moved his forces close to the Carranza position on order of General Villa. He has 3000 men besides the artillery, which consists of seven 75-millimeter guns, weapons of the same calibre and kind which have been used so effectively by the French in the European war.

FOOTBALL
EXCLUSIVE GOSSIP

Saturday's College Conflict Looms Large on Week's Calendar

SATURDAY'S GAME
IS TWENTY-THIRD
ANNUAL STRUGGLECardinal Has the Edge Both in
Rugby and Old-style
Football.

Saturday's contest between California and Stanford will mark the 22d time that the rival schools have competed. From 1892 to 1905 the teams met in the American game, and Stanford won seven games while U. C. was four; the other four games were tied. From 1906 to 1909 Stanford ran off six wins and the number of "Bears" but the Berkeley squad rallied and with Stanford's old machine gone, they repeated Stanford's performance. In 1912, when the teams assembled at California Field for the first time and fought, Stanford have given their opponents an advantage on the amount of games won, but as the game ended in a tie, it was left for the year 1913 to settle the difference. The Cardinals won, and the series since 1913 now stands with Stanford 10, California 7, and the two teams having split the first four out of seven rugby games, seven out of eleven American football games, and all in all, since the teams have been competing Stanford has won eleven and California seven.

CALIFORNIA MAY PULL
A 'BOSTON BRAVE'
AGAINST 'FARM'Stanford Figures Best, But
Berkeleyans Have a
"Hunch."

HE huge crowd at the Claremont Country Club yesterday was treated to a fine exhibition of tennis when Bowie Detrick brilliantly and decisively defeated Byron Batin in the semi-final round of the men's championship singles event in two straight sets by the scores of 6-3, 6-4, thereby qualifying to meet John R. Strachan in the final round Sunday afternoon next. Equally as brilliant and exciting was the victory of Mrs. D. P. Wood, who succeeded in annexing the state women's championship singles title by defeating Mrs. H. A. Niemeyer, Pacific States singles champion, in two straight sets by the scores of 8-6, 6-2.

The women's handicap singles event was cleverly won by Miss Laura Herron, who, giving a handicap of one 13-6, succeeded in defeating in the final round Mrs. J. M. Kullman, in two straight sets by the scores of 6-4, 11-9.

In the men's singles event Bowie Detrick played a dashing and smashing game against Batin, who seemed to experience great difficulty in getting underway. In the first set Detrick played his best game, driving and smashing in a manner which was most effective. In the second set and forced Detrick to the limit, at times being within a point of coping the set. It was a well earned victory. Detrick, winning purely on his merits, and without handicap.

Mrs. D. P. Wood has again successfully demonstrated that she is undoubtedly the greatest women's singles player in the State of California. Saturday she defeated Mrs. Niemeyer, Helen Baker, a woman of most brilliant tennis ability, in the final round. Mrs. Niemeyer and won absolutely on steadiness. She wears the most scientific player down by relying upon her own complete knowledge, which up to date has successfully carried her through some of the most exciting and grueling tournaments in this country.

In the women's handicap singles event Miss Laura Herron played a magnificent game against the clever Mrs. Kullman, who forced her to a brilliant 29 game match in the second set. Mrs. Herron hit with good speed, is free and easy, and possessed an excellent game.

John Strachan easily reached the final round of the men's singles event by defeating Clarence J. Griffin in a two-set affair, the scores of 6-3, 6-2. Strachan outplayed his opponent in every part of the game and experienced no difficulty in placing the ball at will. Griffin

had the advantage of their handicaps of 15, which the former team gave apparently without missing.

The fourth round brought together the teams of Bates and Ralph Gorrell and Paul Faulkner and Nelson Welburn, which the latter team with a handicap of 15-3-6 won after a most exhilarating three-set fight by the scores of 6-2, 4-6, 7-5. Bates and Gorrell played a most brilliant game, never failing to keep their opponents off balance, while Welburn, who is called "Lockhardt," had the advantage of playing in last year's "big final."

"Brut" Montgomery is a fixture at

while, while Ginnell, Campfield, Brooks, and Kenny Hayes will be the backfield men, together with either Archie Hunt, Hicks and Sharpe, the three being Hunt, Hicks and Sharpe, who are contesting for one of the wing positions, with Sharp having the edge.

Bogardus' position at full is a "sure thing," unless Schaeffer pulls off an eleventh hour surprising change by giving Montgomery in at full, thus giving him a chance to play his own game, however, is far from probable, as it would tend to break up a large amount of the team work that the "Bear" line has developed.

Stanford has played practically the same fifteen through the entire present season. Supplied with neither of veterans, the tactic of the coach in picking out a team, has not been a difficult one, and Stanford's entire training season has been taken up by developing the players. Only among the middle rank of the veterans, where possibly among one of the wings, where the susceptibility to injuries may keep him out of the game. Is there any doubt existing in regard to the choice of those who are to face California?

In the middle ranks of the scrum, Braden, Cleary, and Paulin are continuing to rearange the call-off. Bellomy, who has many veterans back in the game, and Lovett, will be the leaders of the team.

Final round—Mrs. Laura Herron defeated Mrs. J. M. Kullman, 6-2, 11-9.

MEN'S HANDICAP DOUBLES.

Semi-final round—Batin and Roberts defeated Rohols and Detrick, 6-4, 6-1; Johnston and Gorrell defeated Levy and Johnson, 6-4, 6-1.

Final round—Bates and Gorrell defeated Welburn and Paulin, 6-4, 6-2.

WOMEN'S HANDICAP SINGLES.

Preliminary round—Mrs. Laura Herron (over 15-3-6) defeated Miss I. M. Le Mer (scratch), 1-2, 6-7, 7-5; Mrs. J. M. Kuffin (scratch) defeated Mrs. I. M. Shillcock (15-3-6), 6-3, 6-2; Bowle Detrick defeated C. J. Griffin, 6-3, 6-2; Bowle Detrick defeated Byron Batin, 6-3, 6-4.

MEN'S CHAMPIONSHIP DOUBLES.

Semi-final round—Batin and Roberts defeated Rohols and Detrick, 6-4, 6-1; Johnston and Gorrell defeated Levy and Johnson, 6-4, 6-1.

Final round—Mrs. Laura Herron defeated Mrs. J. M. Kullman, 6-2, 11-9.

MEN'S HANDICAP DOUBLES.

Preliminary round—Welburn and Paulin (over 15-3-6) defeated Marcus and Griffin (over 3-3), 2-4, 6-4.

Final round—Bates and Johns (over 20-3-6) defeated Knowton and Johns (over 20-3-6), 6-4, 6-4; Frank and Paulin (over 15-3-6) defeated Stockney and Klein (over 3-6), 6-4, 6-2; Brackett and Brownell (15-3-6) defeated Lowenthal and Hall (scratch), 6-4, 6-2; Rohols and Haight (scratch) defeated Kullman and Johnson, 6-4, 6-2; Welburn and Paulin (over 15-3-6) defeated Agnew and Calig (15-3-6), 6-4, 6-4; Gorrell and Bates (over 15-3-6) defeated Johnson and Levy (over 3-6), 6-4, 6-2; Johnson and Gorrell (over 15-3-6) defeated Smith and Brackett (over 3-6), 6-4, 6-2; Bates and Johns (over 15-3-6) defeated Johnson and Levy (over 3-6), 6-4, 6-2; C. J. Griffin and Curtis (scratch) defeated Smith and Lawton (over 3-6), by default; Proctor and partner (scratch) defeated Shepard and partner (scratch) by default.

The men's handicap doubles event brought out some excellent tennis and incidentally created considerable surprise. Surprisingly enough some well known players, such as Stanley Smith and Bert Shrader, brilliantly defeated Roland Roberts and Wandyke Johns, who owed 30 to the scores of 6-3, 7-5. The former team played a great style, executing well at the net and at the back. The latter team came dangerously near taking the second set, only the steadiness of their opponents defeating this seemingly possible.

Prior to this match, Smith and Shrader were successful in taking the measure of Edward Klein and Charles Stickey in a hard three set match by the scores of 6-4, 1-6, 6-3. The latter team gave no indication of being good tennis.

Giving a handicap of 3-6, Charles Bates played a sensational and unexpected defeat of Raymond Johnson and Dennis Levy in an exciting three set match by the scores of 6-4, 5-7, 7-6. Bates and Gorrell played a steady game, particularly noticeable in the third set, when the ball was being spinfully balanced, the result being that good tennis was witnessed from its inception to its termination.

Giving a handicap of 3-6, Charles Bates and Dennis Levy in a closely contested three set match by the scores of 6-4, 7-5, 7-6. Bates and Gorrell played a dashing and speedy game and should on form win, but their determination to indulge in fancy work for the benefit of the gallery, resulted in their losing out. Prudentiated spectacular tennis play or accomplished anything in the game wherever they are, and in the cases of Australia and Canada, adapting the game to their own lands.

"The Canadians," he continues, "who stand between the two American and the English game, have done a great deal to develop the English game in foreign countries. In each case he says, football, although keeping the rugby style as a base, grows into something original and characteristic of itself. Each consists of the game wherever they are, and in the cases of Australia and Canada, adapting the game to their own lands."

Adopting this argument as a premise, the football expert and former Stanford coach, Mr. Frank T. Wright, has written a football article for the "Sequoia," Stanford's monthly magazine, in which he advocates the return of Stanford and California to the revised game of American football.

Begins his paper he quotes Dr. David Starr Jordan from a newspaper interview of 1896. "I like the game (rugby) very much," the Stanford chancellor is quoted as saying. "In a great many ways it is better than the American game, but I think that some of the American game could be used to advantage in the rugby game. I have always liked the college game, and I still do, but if the game has to be modified, it should be modified to the rugby game, which could be introduced without taking away any of the advantages which our college game has."

Adopting this argument as a premise, the football expert and former Stanford coach, Mr. Frank T. Wright, has written a football article for the "Sequoia," Stanford's monthly magazine, in which he advocates the return of Stanford and California to the revised game of American football.

Adopting this argument as a premise, the football expert and former Stanford coach, Mr. Frank T. Wright, has written a football article for the "Sequoia," Stanford's monthly magazine, in which he advocates the return of Stanford and California to the revised game of American football.

"The Canadians," he continues, "who stand between the two American and the English game, have done a great deal to develop the English game in foreign countries. In each case he says, football, although keeping the rugby style as a base, grows into something original and characteristic of itself. Each consists of the game wherever they are, and in the cases of Australia and Canada, adapting the game to their own lands."

Adopting this argument as a premise, the football expert and former Stanford coach, Mr. Frank T. Wright, has written a football article for the "Sequoia," Stanford's monthly magazine, in which he advocates the return of Stanford and California to the revised game of American football.

MONDAY EVENING.

OAKLAND TRIBUNE

NOVEMBER 9, 1914

So Refreshing!

After a Hard Day
The Pianola

Q Mr. Business Man, you have those vexatious days, when everything seems to go wrong, or business is at a standstill, or you are working harder than usual—

Q But in the evening—*forget it all!*—sit at the PIANOLA and allow your thoughts to follow the paths of melody, far from the worries and irritations of business.

Q With the PIANOLA the keen, refreshing pleasure of *creating music*, of *playing music*—not merely listening—is yours. Your hour of music in the evening will not only refresh you but strengthen you to meet the problems of tomorrow—and on the morrow there will be the remembrance of melodies you played the evening before.

Q Remember, *there is but one Pianola*. Let us show you how easily you can play and how easily you can acquire a Pianola.

WELFARE HOME IN
OAKLAND PLANNED

Meeting Called to Consider
Establishing Institution for
Women and Girls.

The establishing in Oakland of a Welfare Home for women and girls similar to the very successful San Francisco institution is to be planned tomorrow afternoon at a meeting in the Oakland Chamber of Commerce at 2 o'clock. Mrs. Sarah Boland, calling the meeting, will present Mrs. M. A. McKenzie, organizer and director of many of these homes throughout the country.

The object of this meeting is to propose a welfare home for women and girls coming to California both as employees and visitors to the Exposition next year. It is not to be a "rescue home" but more of a woman's hotel where girls with small salaries can live conveniently, or when temporarily stranded, will be cared for and guarded until "comes from home" or they find employment.

There are other institutions where those who have a small amount of money can find a roof and protection, but so far no provision has been made on this side of the bay for women whose funds or whose pay is insufficient to enable them to live in safe places.

In the Welfare Home there will be a fund which will not only see that such stranded women are tided over during the moment of emergency but who will, in conjunction with other organizations, guide those seeking employment in the proper direction. Such an institution will dovetail with the Travelers' Aid.

organization which guards travelers coming into strange cities advises them to go to hotels and lodges, keep in touch with their wives, and invite employment offered them.

Mrs. M. A. McKenzie, who will speak tomorrow afternoon to the Chamber of Commerce, emphasizes the necessity for concerted action in connection with cooperative efforts, planned and carried on by trained workers with the same practical business methods that bring success to any great business enterprise if the traffic in girls at the Exposition is to be prevented.

Many women will come to California next year with funds to return to their homes again, and for these provision must be made.

Unless such precautions are immediately taken, Mrs. McKenzie prophesies a one-hundred-fold multiplication of the exploitation of the American-Pacific Exposition after which the rescue homes, maternity wards, police courts and jails were filled with unfortunate girls who had not been protected from danger.

At the world's fair in Buffalo, St. Louis, Portland, and Seattle, welfare homes accompanied the general good-will movement which wholesale buyers, it is the desire of the women of Oakland to guard those who come to this side of the bay at California's invitation, from the traps set at all great conventions and exhibitions by unscrupulous men and women.

And among those who will be active participants at tomorrow's meeting when the final organization of the Welfare Home will take place, will be Mrs. L. P. Crane, chairman of the Alameda County Women's Travelers' Aid, and Mrs. W. W. Whitman, Mrs. McKenzie who is now established in San Francisco, was formerly, before her departure to Seattle where she married, a successful Oakland business woman.

ROBBED BY PICKPOCKETS.

SAN FRANCISCO, Nov. 5.—Walter C. Allis of 260 Duboce avenue, was robbed of \$15 by pickpockets this morning while standing in the lobby of a Mason-street hotel.

The Quinine That Does Not Affect the Head

WHENEVER Quinine is needed for any purpose, Laxative Bromo Quinine will be found better than the ordinary Quinine, as this remedy combines all of the tonic and other properties of Quinine, with a laxative, and can be taken by anyone without causing nervousness or ringing in the head.

Likewise, the remedy is superior to ordinary laxatives because of its having the tonic effect of Quinine. Laxative Bromo Quinine removes the cause of Colds, Coughs, Headache, Neuralgia, Grip, Feverish and Malarious Conditions. Whenever you need Quinine, think of Laxative Bromo Quinine.

An excellent remedy for Coughs and Colds. Relieves the cough and also the feverish conditions and Headache. This does not relieve the Cough and Headache and will move the bowels well within 5 to 10 hours, then the cold will be relieved. In treating colds it is very important that the bowels should move well every day. This preparation moves the bowels gently without griping, and removes the liver and all the secretions to action. Directions—Adults two tablets is the usual dose and should be taken immediately after each meal, before going to bed. Some persons, who are only partially relieved, are sufficient to find keep the bowels open freely until the Cough and Cold is relieved; then take one-half the dose for a few days. Children who are not old enough to swallow the tablet can be broken or cut in half and given the properties to eat. To be swallowed not chewed. For headache, take 2 tablets every 2 or 3 hours until relieved.

MUSICIAN ORPHEUM HIT

BIG ATTRACTIONS HERE

Vaudeville Houses Have
Important Acts on
Bills

When noted musicians appear in vaudeville they usually, through the extensiveness of the occasion, contribute routine, and thereby please but don't inspire, and perhaps it's because Theodore Berlitz, famous composer and pianist, doesn't even hint that he knows routine, that he makes the success that he does. Yesterday at the Orpheum, he upset the old belief that a vaudeville audience demands routine. He didn't offer them routine. He gave them music instead, and his reception testified to his judgment.

Berlitz, with three remarkable artists aiding at cello and violins, yesterday proved himself not only a composer but a virtuoso. The string quartet opened their little program with "In Beauty's Power," composed by the director himself. A fantasia on Faust, Kevin's little song "Mighty Like a Rose" and several other numbers were heard.

Joseph Jefferson, son of the noted creator of "Hiawatha" and "Van Winkle," appears in a sketch that proves him no whit less clever a comedian than his noted father. The star of the act, however, was a young girl, a soprano, and the only object of laughter. Marcella Bender, a remarkably pretty woman, and Don Hancock support the noted star.

"An Unwelcome Visitor," another of Paul North's comedies, has been seen over the circuit in other acts of the series. North introduces a little boy playing and music into the present offering. The effect is more than pleasing.

Travilla, the famous dancer, driving seats off something in between acting, the human and animal acrobatics matching their skill in a class tank.

Erica Purnell and Charles Irwin appear as boudoir poets. The bill ends with a little musical offering that scored several encore yesterday. Claude Golden astounds with a series of baffling card tricks. Edward Miller and Helene Vincent appear in a singing specialty, and exclusive motion pictures round out the bill.

MACDONOUGH

"The Spillers" opened for a return engagement in Oakland yesterday and was well shown at the Macdonough theater. A solo with Herbert Lomax, at 1:30, 3:30, 5:45 and 8:45 p.m., and a special orchestra playing during each performance. Wm. N. Seltz's selection fits the types for this northern romance so admirably that it cannot be beaten. William Farnum is expected to fill the difficult and doughty role of Roy Glenister, the hero who, from being a civilized individual, reverts almost to the man primeval. He lives out his motto: "I'm not a man, I'm a boy." His better self is eventually touched through the sweet and refine influence of a pure woman to again return the true man militant. Every phase of this difficult character was finely and strongly drawn, never harsh and never inspired by the motive of the moment—the hero becoming one in reality.

Sure and deft is the supreme work of Kathryn Williams as the great hearted actress, Cherry Malotte. The character is himself masterfully in a character at once repellent and ruling; Bessie Eyring gives a singularly sweet and placid personality to Helen Chester, the innocent tool of the master mischief-makers.

The play is a picture of the decade in the way of varied thrills and startling stage effects is "The Whirl," the Drury Lane sensation which comes to the Macdonough theater the week of November 15. This new entertainment by Cecil Hepworth and Henry H. Edwards comes to California after a two years' run in London and a season's stay at the Manhattan Opera House, New York.

COLUMBIA

When Ben T. Dillon and Will King don Turkish clothes they're almost as funny as when they're wearing skirts, but the limit in comedy. Of course, besides that, the things they do have some bearing on the story, and this week they certainly do things.

"The Belle of the Banjo" is the name of the play in which their visibility tickling talents are exploited. It's a screaming comedy of boy life, with such gags and songs as which always makes stories of this nature fascinating.

The story concerns the loss by theft of a fortune in diamonds and illustrates how a plot was systematically obtained to obtain them. The methods used by the detective in solving the mystery make good entertainment. The Vizagraph comedy, "Under False Colors," contains a number of humorous situations. "The Russian Zoo" and "Picturesque Guerrilla" are two interesting Pathé educational and scenic pictures.

The instrumental quartet consisting of violin, harp, flute and pipe organ, proved the feature of an excellent musical program.

"The Charity Ball," a Klax and Erlanger production, and "Beasts of the Jungle," an educational feature film, are announced as headliners for the program which will be shown Thursday.

CORNERSTONE OF NEW
LUTHERAN CHURCH LAID

The cornerstone of the new Trinity Evangelical Lutheran church, Fifteenth street and Seventeenth avenue, was laid yesterday, when the Lutheran of the east bay cities attended the services. Rev. H. Haserodi, pastor of the church, conducted the ceremony and delivered a brief address. His remarks were followed by those of Rev. Arthur Brown of St. John's Lutheran church of San Francisco, who preached in the east bay parishes. During the service, a double quartet sang the sacred hymns. The parishioners of the new house of worship expect to occupy the new building in the early part of next year.

Hilo Flat-Finish

PANTAGES

THE appearance of a room is made or marred by the finish of its woodwork. The most attractive finish is the rich, dull effect obtained by the use of Hilo Flat Finish.

It looks well, and wears as well as it looks.

In the can this varnish is of a jelly-like consistency. Behind this unique quality lies the secret of its success; the fact that it is just the same from the top of the can to the bottom, from the first drop to the last, the ease and evenness with which it flows, the uniform results whether it is used today, tomorrow, or next month.

Hilo Flat Finish can be washed with soap and water.

The next time you refinish a room use Hilo Flat Finish.

Get from your dealer now the booklet, "The Use of Hilo Varnishes in Your Home," it gives interesting information on the subject of varnishes in general and fully describes Hilo Flat Finish.

SEEKING SPEEDERS WHO
LEFT VICTIMS UNAIDED

F. J. Snelder, Twenty-second avenue and East Sixteenth street, who was run down and left lying in the street by an automobile driver several days ago, is at Fabiola hospital suffering from a sprained hip and other injuries, while the police are seeking the driver of the automobile that ran him down. The auto is declared

by the police to have carried the number 11,111, listed to C. J. Okell, Dayton and Sherman streets, Alameda.

The police are also seeking the auto driver who ran down and killed Gee Shin at Sixth and Harrison streets Saturday night. Shin lived in San Francisco. A Chinese woman saw the accident and told the police that the auto continued on its course after striking the Chinese, and that no attempt was made to aid the victim of the accident.

The Heating and Longer Lighting Hours Have Come.

A Day in November Is 3 Hours and 58 Minutes Shorter Than a June Day

Broil With Gas

Leave the oven door wide open. The modern gas ranges are equipped with the elevated ovens and broilers.

Easy to Reach—Easy to Watch—No Stooping.

Broiled meats retain the natural juices and are more tender and nutritious.

The Broiler

convenient for making toast or broiling steak, fish or chops.

See the modern Gas Ranges at your dealers.
